## Take on More with Western's Wide-out and Wide-out XL

Available in two sizes, the WIDE-OUT blade expands from 8' wide to 10' wide and the WIDE-OUT XL plow extends from 8'6" to a full 11', to move more snow in fewer passes. The flared wings - as tall as 36" on the WIDE-OUT XL, helps to move snow 30% faster. Operators can control each wing independently to move into Retracted Straight, Expanded Straight, Windrow and Scoop positions at the touch of a button.

- ✓ Expandable to 11'
- ✓ Structural Reinforcement
- ✓ Heavy-Duty Slide Box
- ✓ Flared Wings for Efficiency
- ✓ Reliable Hydraulics
- ✓ Trip Protection

## Western Striker - Stainless Steel Hopper Spreader Strike While the Pavement is Cold

Optimize material distribution with the innovative chute design that delivers material to the areas of the spinner that cast it out and away from the truck, instead of back onto your bumper. This machine is ultra-durable and loaded with the latest in snow and ice-control technology.

- ✓ Dual Electric Motors
- ✓ Variable Speed Control
- ✓ Innovative Chute Design
- ✓ Circular Shutter Deflector
- ✓ Accessory Hub
- ✓ Adjustable Drop Chute
- ✓ Dual Swing Chute Design
- ✓ Conveyor

# BOSS

## SNOW PLOW

### DXT

The durable, fully featured BOSS DXTs are the ultimate tools to fight all things snow and ice. Dual-trip design enhances plow protection when striking obstacles in any position and optional Hardox cutting edges offer extended wear resistance.

### XT

The BOSS XT is built to perform with innovated flared blade wings and an enhanced curl design that throws snow higher and farther than conventional plows. The superslick polyethylene surface of the Poly XT keeps snow from sticking.

### STAINLESS STEEL V XT

Available in 8'2" and 9'2" sizes, this plow shares the same features of the BOSS steel and poly V XT plows including: SL3 headlights; chainless hydraulic cylinder lifting system; full trip moldboard and SmartHitch 2 attachment system with the added benefit of a corrosion resistant stainless steel moldboard.

# SNOWEX

The SnowEx adjustable-wing POWER PLOW offers the versatility to expand plow width by expanding the wings outward or increase capacity by angling the wings forward, independently or together, to match any plowing condition. A snow plow in compact mode for transport and narrow areas can quickly be expanded for extra wide plowing passes by simply pushing a button.

- ✔ Variable Straight Blade Modes
- ✔ Bucket Blade Scoop mode
- ✔ Windrowing Position
- ✔ Cornering Performance
- ✔ Full-Trip Moldboard
- ✔ Steel Cutting Edge
- ✔ Easy Access Components
- ✔ Pressure Relief for Wings
- ✔ Hand-held Control
- ✔ Direct Lift
